### 2024 NYSEC Scholarship

The Scholarship Committee is now taking applications, with a deadline of JUNE 21, 2024. The application can be downloaded [here](#).

Children and grand children of owners, officers and management employees of member firms in good standing are eligible. The scholarship is awarded to a high school senior who will be entering college in the fall of 2024. The award is a maximum of \$4,000 payable to the college at a rate of \$500 per semester.

**Please pass this information along to your eligible management employees!**

### Association Health Plan

The State Association continues its efforts to create an Association Health Plan designed specifically for our NYSEC membership. The goal is to have members begin enrolling with effective dates of January 1, 2025 and thereafter. Last February, we fell just short of the required member participation. With more time and awareness, we believe the plan will launch successfully. The program will be available to cover non-collectively bargained employees, office staff and owners.

Our endorsed broker partner Gallagher Risk Services will be approaching those who previously participated to verify/ update census information.

Now is the time to inquire about the program and help the Association assemble the required data for the best rates and coverages. For further information, please contact Eric Kane of Gallagher Benefits: [Eric\\_Kane@ajg.com](mailto:Eric_Kane@ajg.com) Direct Tel. 518.724.6741.

### Legislative Update

The 2024-2025 NYS Executive Budget was enacted by the Legislature on April 16, 2024...
